SPARE COPIES.....

The District Board in its Resolution No.12 dated
27-11-1945 (copy enclosed) has resolved to levy the school
fees and special fees at the following rates in nine
instalments from 1-6-1946.

<u>School fees.</u>	<u>Per instalment per pupil.</u>
(1) Supplementary students (S.S.L.C.)	Rs. 6-0-0 ✓
Forms IV to VI	Rs. 5-8-0
Forms I to III	Rs. 3-0-0
Classes IV & V	Rs. 1-8-0
<u>Special fees</u>	
(1) Admission fees	Rs. 1/- per pupil.
(2) Laboratory fees	Rs. 6/- -do- per year.
(3) Library & Reading room fees.	Forms IV to VI at Rs. 2/- per year per pupil Forms I to III, at Rs. 1/- -do-
(4) Fees for furnishing ^{extract} ~~copy~~ from the admission register within a period of 5 years from the date of admission to the date application.	Rs. 2/-
(5) -do- -do- in other cases ...	Rs. 3/-

2. I request that the Government may be pleased
to approve the revised rates of school fees etc., to be
levied in Board secondary schools under this District
Board with effect from 1-6-46 mainly with a view to improve
the finances of the District Board.

3. Agreeably to the suggestion of the Deputy
Inspector of Municipal Councils & Local Boards, Madras
consider the possibility of handing over some of the
schools either to the government or some other authority.

the District Board in its resolution referred to above, has resolved to hand over the management of all high schools under the Board to the Government. I have therefore to request the Government to consider this question also. In this connection I have to point out to you again that the net cost of running the Board secondary schools works out to about Rs. 42,000/- per year. The subsidy paid by the Government for the maintenance of the Board secondary schools is only Rs. 10,741/- per year. The inspecting officers of schools are making various suggestions year after year involving recurring and non-recurring expenditure on the pain of the withdrawal of permanent recognition of the school knowing as they do the poor financial position of the Board. Though the cost of the maintenance of the Board secondary schools is on the increase, the lump sum subsidy fixed by the Government stands unaltered. Furthermore, the income under school fees has considerably decreased on account of allowing war educational concessions to the children and dependants of Defence Service personnel and the Government are not prepared to compensate the Local Bodies for the loss in fee income foregone. While the Inspector of Municipal Councils and Local Boards, Madras has been remarking from time to time to effect economies in expenditure under secondary schools and make them self supporting, the Education department is suggesting various improvements involving additional expenditure to the Board. The District Board is already spending a considerable part of its income on the maintenance of secondary schools. Considering all these points, the District Board had decided that all high schools may be handed over to the Government for management.

4. I therefore request that the Government may be pleased to consider this proposal or enhance the subsidy suitably towards the net cost, which this Board is incurring for maintaining its secondary schools so as to make them self-supporting.
